

FisherMan

1st WORKSHOP & PROJECT MEETING

European Higher Education Area: main features

28-30 April 2014

UniSey Lounge, Anse Royale
Seychelles

AGENDA

Project	Capacity building for sustainable Fisheries Management in the Southwest Indian Ocean region
Acronym	FisherMan
EuropeAid ID	EuropeAid/132023/D/ACT/ACPTPS

Objectives: The workshop will provide an opportunity for the project to:

1. Review results from analysis of partner universities
2. Adapt the project and the training programme to the priorities identified in that analysis
3. Capacity Building on Curriculum Development

Expected Results:

- Deep understanding of the needs & capacities of partners in developing a programme in fisheries management
- 1 detailed plan on future actions and results in developing a training programme in fisheries management
- Participants are aware on Curriculum Development main features and trained on how to design and plan high quality academic/teaching outputs
